Rules of the Road

Tips to Bike & Walk Safely on Shared Streets

Yield to People Walking

Pedestrians have the right of way. Walkers and joggers should travel facing oncoming traffic.

Ride Single File

Pass only when it's safe. Ring a bell or say "passing on your left" when passing. Use caution when crossing intersections. Look both ways and over your shoulder.

Keep to the Right

Ride bikes in the same direction as traffic. If possible, don't ride on the sidewalk, but keep to the right side of the road.

Obey Traffic Laws

This includes stopping at STOP signs & traffic lights. When bicycling, signal your turns by using your arms.
