

Support City Hall Park

BE A PART OF THE NEW CITY HALL PARK, OPENING THIS OCTOBER. Years in the making, the new park design replenishes much needed greenspace and works to protect Lake Champlain by reducing runoff. It also expands access with gentler grades and wider pathways while creating new opportunities and experiences. Other added features include an interactive fountain and art installations that reference the park’s overarching theme of environmental stewardship.

Your tax-deductible contribution of \$3500 will make you a long term supporter of this beloved public gathering and civic space. To honor your gift, a personalized nameplate will be placed on the bench and will become a lasting symbol of your generosity.
